

DET 60S

A fuel-flexible, high-efficiency micro turbogenerator platform for reliable distributed energy generation across diversified applications.

Specification	Value
Engine Type	Single Spool Micro Turbo Generator
Configuration	Centrifugal Compressor, Radial Turbine
Maximum RPM	60,000 RPM
TSFC	< 0.3 kg/kW-hr
Pressure Ratio	4.2
Fuel Type	Hydrogen Flex Fuel
EGT	< 200 °C
Output Power	60 kW, 3-Phase
